

2020 Summer Employment Schedule

We offer an ideal schedule for teachers who want to work **part-time**, but also want to have an enjoyable summer with time for vacation. Teaching requires only a Monday through Friday commitment. The classes are Monday through Thursday of each week. Fridays are reserved for "make-up lessons" for potential pool maintenance issues or weather cancellations if teaching at an outdoor pool. We have teaching schedules available in the morning only, early afternoon to late afternoon, late afternoon to evening, and evening only. We will work with you to create a teaching schedule that meets our mutual needs.
